

PSC Related Circular

No.PSC **41/2025**

Dated: 23.06.2025

Subject:

IMMARBE

Circular MMN-25-006

**Requirements for handling PSC
Inspection and Detentions**

IMMARBE has issued subject circular which revokes *MMN-25-006–Requirements for handling Port State Control Inspections and Detentions*, and gives the applicable provision in case of PSC inspection and/or detention.

1. When the **vessel it is not detained** should submit:
 - PSC Inspection report
 - Rectification report (TDF-020) for each deficiency
 - Root cause analysis and preventive actions
 - Evidence, including photos, of the rectification of each deficiency
2. When the vessel is **detained**.
 - Immediate **notification** and **RO attendance**
 - RO attendance for a **general/comprehensive inspection** and to **verify the rectification** of the deficiencies
 - **Additional SMC audit** when there are ISM related deficiencies
 - Where five or more ISM related deficiencies posed an **additional DOC audit** may be required within 30 days
 - If date of detention falls **within survey window**, RO must conduct the **annual surveys** to the extend practicable
 - Where PSC deficiencies affect validity of statutory certificates and **cannot be immediately rectified** the relevant **certificate shall be replaced with a short term one** and a relevant **dispensation letter** shall be issued.
3. The circular provides also escalation **measures** in case of the **first, second and third detention**.
